

WDM

PUMPS

NE

Submersible Non Clog Pumps

WDM Water Systems

Benefits

- High efficiency design
- Semi-open impellers
- Variety of sizes
- Variety of applications
- Easy maintenance

Applications

- General industry
- Cooling towers
- Municipal
- Mining
- Water
- Agriculture industry
- Paper industry
- Power generation

Performance Range	
Flow	Up to 2,300gpm
Head	Up to 176 ft
Temperature	Up to 158 °F
Discharge Flange	Up to 6"
Solid Handling	Up to 3"
Max Working Pressure	78 psi
